Wie funktioniert eine notwendige Bedingungen?

Wenn A eine notwendige Bedingung von B ist, dann ...

Was passiert mit dem Eigenschaftsraum der Klassifikation?

	No alternation			At least 1 alternation			
At least 2 parties							CE directly elected
1 party							
No parties							
At least 2 parties							CE indirectly elected
1 party							
No parties							
At least 2 parties							CE not elected
1 party							
No parties							
	No legislature	Non—elective	Elective	No legislature	Non—elective	Elective	

Was passiert mit dem Eigenschaftsraum der Klassifikation?

	No alternation			At least 1 alternation		
	No legislature	Non-elective	Elective	No legislature	Non-elective	Elective
At least 2 parties						CE directly elected
1 party						
No parties						
At least 2 parties						CE indirectly elected
1 party						
No parties						
At least 2 parties						CE not elected
1 party						
No parties						

☐ Not—democracy
 ☒ Democracy

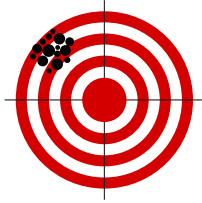

Validität und Reliabilität

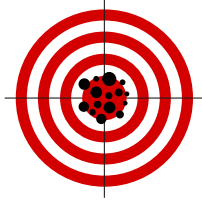

Unreliable & Invalid

Unreliable, But Valid

Reliable, Not Valid

Both Reliable & Valid

Trennschärfeverlust in Democracy & Dictatorship (Link)
